**TFG Grows Network with New Melbourne Greenfield sites**

**Highlights**

- **Two new sites will drive organic growth**
- **Strategically located in key demographic areas**
- **New sites will drive network benefits and reinforce TFG brand leadership**
- **Reconfigured Prahran clinic will drive retail skin solutions**

Total Face Group Limited (“TFG” or “the Company”) is pleased to announce that it has finalised plans to open two new Greenfield sites. These sites reinforce the Company’s commitment to organic growth following recent acquisitions.

The new sites are located in Mornington and Williamstown.

The Mornington site is a purpose-built medical clinic with 5 treatment rooms and 2 consulting rooms. The site will enable TFG to grow its Cosmetic Injectables business and introduce Skin Solutions and Coolsculpting modalities to our existing Peninsula clients. The existing Frankston clinic will be relocating to this new site, which is conveniently located on the medical corridor of the Nepean Highway near the Beleura Private Hospital.

The Williamstown site is located in Douglas Parade and will be the Company’s flagship clinic in Melbourne’s west. The site will undergo a small makeover and be fully functional with all three TFG modalities operating from mid June 2016. As part of the Williamstown opening, the Company will be relocating the current Hoppers Crossing clinic.

Further, the Company is pleased to announce that the Prahran clinic is being reconfigured into a retail and distribution site for the Company’s growing Skin Solutions business. The reconfiguration is expected to be completed by end of June 2016 and its reopening will be supported by the launch of the TFG’s online retail shop which is in the final stages of development and testing.

TFG CEO Mrs Joanne Hannah commented *“these sites are an important part of our broader Melbourne network and support our commitment to developing Greenfield sites. The Mornington location allows clients to access the clinic from as far as Brighton to the North and Portsea/Sorrento to the South. Williamstown and Prahran have very favorable demographics and we see significant potential from both locations.”*
